MESSAGE FROM THE HEAD

As the summer term progresses, each week seems to become even busier than the last. In the last five days Years 1- 4 have been on their summer trips and we have held our Science Week.

Thank you to everyone who helped get the children ready for Monday's launch of Science Week. The school was inundated with lab coated scientists complete with a whole range of scientific accessories. The children have had a wonderful time carrying out a variety of

experiments and showed the rest of the school what they had done in a big assembly. We saw volcanoes erupting, bridges being constructed and tested for strength, we found out that the colour black is made up of other colours and even hatched dinosaurs out of frozen eggs. Thank you to Mrs York for organising this event and to all to teachers for contributing so wholeheartedly.

On a sporting note, well done to our KS1 gymnastics team who represented Dudley at the Black Country games this week and also to our girls' football team for reaching the final of the Brierley Hill and Dudley School cup.

ME, MY CHILD AND BEHAVIOUR

In September, we will be offering a series of 5 workshops designed for parents / carers, which aim to:

- share ideas and experiences in a relaxed atmosphere
- increase confidence in your skills and abilities to parent
- enhance relationships between you and your child
- teach skills to help your child be more secure and help raise self esteem
- identify ways to effectively set boundaries / consequences.

Each session will be free of charge, last approximately 1 hour and include tea, coffee and biscuits.

'This is a course all parents should take, regardless of the nature of your child. I have learnt so much, many new strategies on how to help my child become more confident and build on our relationship.'

If you are interested or would like more information please speak to Mrs Hodgkins or leave your name at the office.
